

# ADVANCED OPPORTUNITIES

## Student Registration Instructions

*Registration is a two part process:*

**Step 1:** The student must create an account with the State Department of Education.

1. Go to [www.sde.idaho.gov/sectr/adv-opp/](http://www.sde.idaho.gov/sectr/adv-opp/)
2. Choose “Apply for Advanced Opportunities” (blue button in the middle of the page)
3. Select “Register Account” in the top right corner
4. Fill in all the information (if you don’t know your EDUID, leave it blank)
5. Choose “Enroll New Student” to submit
6. Verify the account, using the confirmation email sent to the student. *(Sometimes these go to student spam folders. If they aren’t received instantly, there is a problem.)*

From here, your school will verify your account. Once this is done, you may sign up for funding.

**Step 2:** Sign up for course or exam funding, once you know the account is active.

1. Go to <https://advancedops.sde.idaho.gov> and login
2. Choose “Student Landing”
3. Apply for funding
  - a. Choose Exam or Course
  - b. Register the information for that course/exam
    - i. Most courses or exams are available in a drop down menu. *If you don’t see your course or exam, contact your counselor. He or she may need to enter the course for you.*
    - ii. Choose the correct program. Make sure you’re eligible for the program before selecting it:
      1. **8 in 6:** overload classes (above your regular course schedule), maximum of 2 per semester, 4 per year. Sign up form must be on file with the school: <http://sde.idaho.gov/sectr/adv-opp/8-in-6/files/general/8-in-6-Sign-Up-Form.pdf>
      2. **Fast Forward:** Juniors have \$195 in funding; Seniors have \$390 in funding for dual credit tuition, credit bearing exams (like AP), or certification exams. ***This is the program most students will use.***
      3. **Dual Credit for Early Completers:** Students who meet all state minimum graduation requirements are eligible for up to 18 credits per semester or 6 exams per semester of funding. Ask your counselor if you qualify.
  - c. Submit your registration.
4. The counselor will then verify your registration.
5. **Check with your school for deadlines.**
6. Payment will be disbursed directly to the college/school district at the end of the semester. Student accounts may show a balance due until that time.
